## COMMENTS

Used 5200HP Model Bow Salvage Tug For Sale. 75 ton bollard pull. Current class certs. Double drum towing winch with 70 Tons capacity, Break Load of 100 Tons, Drums Capacity Each 1,000m X 56mm. Controlled on Main Deck. She has been scheduled to be dry-docked in Piraeus, Greece from 27/6/2016 to 4/7/2016, during which time, she will be passing her scheduled Bottom Inspection, Tail Shaft Complete Survey and Antifouling System Survey. Following this, the next scheduled dry-docking will be due in May 2018, while her trading certificates are valid until the end of January 2018. Registered Potential buyers are welcome to inspect her while dry-docked and from the 1st of July up to the 4th of July 2016, where they will have the chance to confirm first-hand the excellent condition the tug is in as well as the quality of works that will be carried out during her dry-docking
